

# Basic Educational Services Team

## **NOW HIRING PART-TIME TUTORS IN YOUR AREA!**

- We have contracts with school districts throughout California.
- We pay our tutors \$25.00 per hour (for 2007-2008 school year).
- Tutors are able to create their own schedules.
- This is an excellent opportunity to gain experience as an educator and to earn a second income.
- BEST provides "one on one" tutoring for students grades K-12.
- Tutors work with parents to set the learning goals and objectives. Tutoring is done at student's home, local library, or at a community center.

If you have a **BA/BS** degree or equivalent and are interested, fax or e-mail us your resume with 4 references, then give us a call!
