

#### Dental wellness.

Taking care of your oral health with regular dental visits plays a key role in your overall well-being. When you see a network dentist, your plan covers preventive dental care.

### 50% of U.S. adults over 30 have gum disease.1

Take advantage of your dental plan to help keep your gums in check.

Wellness benefits are covered at 100 percent when you see a network dentist. Benefits include:

# Two routine checkups in a 12-month period—one every 6 months.

- · Includes cleanings.
- Some plans cover more cleanings for an additional copay.

# Annual oral cancer screenings for covered adults (age 18 and older).

Screenings may include:

- Light contrast screening: A test that uses light to help your dentist find healthy and unhealthy tissue.
- Brush biopsy: A tissue sample taken from a suspicious area.

# Extra cleanings and gum treatments for expectant mothers—as recommended by your dentist.

The coverage includes:

- Dental cleanings while you're pregnant and 3 months following delivery.
- · Deep scaling (non-surgical gum treatment).
- · Gum maintenance.

Ask your dentist to include the name of your obstetrician and your due date on your dental claim. Share this letter with your dental office to inform them of this benefit. We'll handle the rest.

# How oral health can affect pregnancy.

Gum disease in pregnant women may be linked to complications like pre-term births and low birth weights.<sup>2</sup>

Adopting good oral health habits when young helps prevent issues when older.

#### Help your kids start good habits early.

- When your child's teeth first appear, brush them twice daily with a soft toothbrush or wipe with soft gauze or a washcloth.
- · Make first dental appointment at age 1.
- At age 3, add a pea-sized dab of fluoride toothpaste and continue to brush their teeth twice a day.
- · Floss when teeth start touching.
- · Limit sugary snacks and drinks.
- Provide meals from the 5 basic food groups.
- Take your child to the dentist regularly and ask about sealants and fluoride supplements.

# Regular screenings can help reduce risk of:

#### Diabetes

Diabetics have a weakened immune system, which may make it harder to keep bacteria from causing gum disease and raising blood glucose levels.

#### Heart disease

Gum disease allows bacteria to get into your bloodstream and puts you at risk for heart attack and stroke.

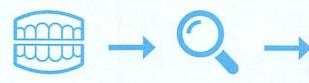

#### Respiratory conditions

Gum disease bacteria can be inhaled into your lungs, and increase your risk of pneumonia and infections.

#### Rheumatoid arthritis

Gum disease can increase the severity of arthritis.

Discover the mouth-body connection.

Your mouth reflects your overall health.

Your dentist can detect signs of disease.

Infections in your mouth can affect your entire body.

### Know the warning signs.

Gum disease is a painless condition many people don't realize they have until it's already done significant damage. When your gums become infected, bacteria and toxins enter your bloodstream, which may worsen other health conditions. If you experience any of the following, see your dentist immediately.

- Red, swollen or tender gums.
- · Gums that bleed when you brush.
- · Bad breath.
- · Loose teeth.
- · Changes in how teeth fit together.

chronic infectious disease to affect children is tooth decay.3

cases of total tooth loss are linked to diabetes.4

higher risk of stroke for people with severe gum disease.5

- (A) Pre-Authorized by us; and
- (B) Coordinated by a Covered Person's PCD. Any Covered Person who elects specialist care without prior referral by his or her PCD and approval by us is responsible for all charges incurred
- · In order for specialty services to be Covered by this plan, the following referral process must be followed:
  - · A Covered Person's PCD must coordinate all Dental Services.
- · When the care of a Network Specialist Dentist is required, the Covered Person's PCD must contact us and request authorization...
- If the PCD's request for specialist referral is denied, the PCD and the Covered Person will be notified of the reason for the denial. If the service in question is a Covered service, and no limitations or exclusions apply, the PCD may be asked to perform the service.
- Covered Person who receives authorized specialty services must pay all applicable Copayments associated with the services provided. When we authorize specialty dental care, a Covered Person will be referred to a Network Specialist Dentist for treatment. The Network includes Network Specialist Dentists in: (a) endodontics; (b) oral surgery; (c) pediatric dentistry; and (d) orthodontics; and (e) periodontics, located in the Covered Person's Service Area. If there is no Network Specialist Dentist in the Covered Person's Service Area, we will refer the Covered Person to a Non-Participating Specialist of our choice. Except for Emergency Dental Services, in no event will we cover dental care provided to a Covered Person by a specialist not preauthorized by us to provide such services.
- Covered Person's financial responsibility is limited to applicable Copayments. Copayments are listed in the Covered Person's Schedule of Covered Dental Services.

The maximum benefit within a 12 month period is any combination of 7 crowns or pontics (artificial teeth that are part of a fixed bridge). If more than 7 crowns and/or pontics are done for a Member within a 12 month period, the dentist's fee for any additional crowns within that period would not be limited to the listed Copayment, but instead can reflect the Dentist's Billed Charges. Limited to 1 time per consecutive 60 months.

- Replacement of complete dentures, fixed and removable partial dentures or crowns if damage or breakage was directly related to provider error. This type
  of replacement is the responsibility of the Dentist. If replacement is Necessary because of patient non-compliance, the patient is liable for the cost of
  replacement.
- 10. Fixed or removable prosthodontic restoration procedures for complete oral rehabilitation or reconstruction.
- 11. Procedures related to the reconstruction of a patient's correct vertical dimension of occlusion (VDO).
- 12. Occlusal guards used as safety items or to affect performance primarily in sports-related activities.
- 13. Placement of fixed partial dentures solely for the purpose of achieving periodontal stability.
- 14. Dental Services received as a result of war or any act of war, whether declared or undeclared or caused during service in the armed forces of any country.
- 15. Any Dental Services or Procedures not listed in the Schedule of Covered Dental Services.
- 16. Drugs/medications, obtainable with or without a prescription, unless they are dispensed and utilized in the dental office during the patient visit.
- 17. Services for injuries or conditions covered by Worker's Compensation or employer liability laws, and services that are provided without cost to the Covered Person by any municipality, county, or other political subdivision. Covered Person by any municipality, county, or other political subdivision. This exclusion does not apply to any services covered by Medicaid or Medicare.
- Any Dental Procedure not performed in a participating dental setting. An exception is made for Emergency Dental Care, as defined in this Evidence of coverage.
- 19. Costs for non-dental services related to the provision of dental services in hospitals, extended care facilities, or Member's home are not covered. When deemed necessary by the Primary Care Dentist, the Member's physician, and authorized by the Plan, covered dental services that are delivered in an inpatient or outpatient hospital setting are covered as indicated in the Schedule of Benefits.
- Any Covered Person request for: (a) specialist services or treatment which can be routinely provided by the PCD; or (b) treatment by a specialist without
  referral from the PCD and our approval.
- Any endodontic, periodontal, crown or bridge abutment procedure or appliance requested, recommended or performed for a tooth or teeth with a guarded, questionable or poor prognosis.
- Dental Services otherwise Covered under the Contract, but rendered after the date individual Coverage under the Contract terminates, including Dental Services for dental conditions arising prior to the date individual Coverage under the Contract terminates.
- 23. Replacement of a lost, missing or stolen appliance or prosthesis or the fabrication of a spare appliance or prosthesis.
- 24. Services related to the temporomandibular joint (TMJ), either bilateral or unilateral. Upper and lower jaw bone surgery (including that related to the temporomandibular joint). No Coverage is provided for orthognathic surgery, jaw alignment, or treatment.
- 25. Treatment which requires the services of a pediatric specialist, after the Covered Person's 6th birthday.
- 26. Expenses for Dental Procedures begun prior to the Covered Person becoming enrolled under the Contract.

#### **EXCLUSIONS OF BENEFITS**

The following procedures and services are excluded and not Covered Services, unless otherwise specifically listed as a covered benefit on this Plan's Schedule of Benefits:

27 Orthodontic Exclusions and Limitations

If you require the services of an orthodontist, a referral must first be obtained. If a referral is not obtained prior to the commencement of orthodontic treatment, the member will be responsible for all costs associated with any orthodontic treatment.

If you terminate coverage after the start of orthodontic treatment, you will be responsible for any additional charges incurred for the remaining orthodontic treatment.

- 1. The following are not Covered orthodontic benefits:
- · Extractions required for orthodontic purposes
- · Surgical orthodontics or jaw repositioning
- · Myofunctional therapy
- Cleft palate
- Micrognathia
- Macroglossia
- · Hormonal imbalances
- · Orthodontic retreatment when initial treatment was rendered under this plan or for changes in orthodontic treatment necessitated by any kind of accident
- · Palatal expansion appliances
- Replacement or repair of lost, stolen or broken appliances or appliances damaged due to the neglect of the Covered Person
- 2. If a treatment plan is for less than 24 months, then a prorated portion of the full Copayment shall apply.
- 3. If Covered Person's dental eligibility ends, for whatever reason, and the Covered Person is receiving orthodontic treatment under the plan, the remaining cost for that treatment will be prorated at the orthodontist's usual fees over the number of months of treatment remaining. The
- Covered Person will be responsible for the payment of this balance under the terms and conditions pre-arranged with the orthodontist.
- 4. If the Covered Person has the orthodontist perform a "diagnostic work-up" (a consultation and diagnosis) and then decides to forgo the treatment program, the Covered Person will be charged a \$50 consultation fee, plus any lab costs incurred by the orthodontist.
- 5. One orthodontic benefit under this plan is available per lifetime, per Covered Person. A Covered Person may access this benefit for either Interceptive Orthodontic Treatment or Comprehensive Orthodontic Treatment, or both. If both interceptive treatment and comprehensive treatment are necessary, and both are completed within a 24 month period, the Copayments listed will apply. If both are necessary and active treatment for both extends beyond 24 months, the provider is obligated to accept the plan Copayment only for the first 24 months of active therapy. The provider may charge usual and customary fees for active treatment extending beyond the 24 month benefit period.

# Welcome

# to your California Select Managed Care DHMO dental plan.

Thank you for choosing the California Select Managed Care DHMO plan from UnitedHealthcare Dental\*. We're here to make your health care experience easier.

### Get to know your dental plan.

With this plan, your coverage begins right away. You don't need to meet a deductible. There's no annual maximum, which is the limit to how much the plan will pay each year, and the plan doesn't exclude care for dental issues you may have had before becoming a UnitedHealthcare member.

#### Your primary care dentist.

When you enrolled in the plan, you may have chosen a primary care dentist to oversee your dental care. If you don't have a dentist—or if you want to change your dentist—call customer care at the number on your ID card. Be sure to choose a dentist before the 20th of the month. Your new primary care dentist will be effective by the 1st of the following month.

If you don't choose a dentist who is part of the network, you won't be able to get dental care or use your benefits, except in an emergency.

#### Preventive care.

As long as you see your primary care dentist, your plan pays for all or most of your preventive dental care, including routine checkups, cleanings and annual oral cancer screens for adults. You can get two cleanings in a 12-month period — one every six months. Some plans cover more cleanings for an additional copay.

Preventive visits are important because your dentist can catch problems early when they're easier to treat. Good oral health helps protect your teeth and gums and is also linked to your overall health.

#### Fillings, crowns and more.

Your plan also covers other types of dental care, including fillings, crowns, teeth bleaching, implants and braces. You just need to pay a copay (a set dollar amount) at the time of your appointment. Some plans only cover silver fillings for back teeth. If you choose white fillings, you may have a higher copay.

#### Cosmetic procedures.

Some cosmetic procedures, such as teeth whitening, are covered by your plan. Refer to your plan documents or call customer care for more details.

Log in to **myuhc.com** to see your dental plan documents and complete coverage details.

## Get the most from your benefits.

- Call customer care to choose or change your dentist (if needed).
- Find a network dentist on myuhc.com® or by calling customer care.
- Get a referral from your primary care dentist if you need to see a specialist.
- Enjoy full coverage for preventive services.
- **5.** Pay a copay for other types of dental care, including braces.

# Make the most of your dental plan.

As a member, you can see your plan details, check your claims and learn about oral health on **myuhc.com**.

#### Find a network dentist.

Finding a network dentist is easy. You have two options:

- Log in to myuhc.com and use the Find a Dentist tool to search by name, facility or location. You'll see a list of dentists who are part of your network.
- Call the customer care number on your ID card.

If a network dental provider is not available within a reasonable distance of where you live or work, you may be referred to an out-of-network dental provider and still receive services at the network rate. Please see your official dental plan documents for all of the details about your plan coverage or call the number on the back of your ID card.

#### Use your dental ID card.

All members receive an ID card. Your card only lists the name of the person who signed up for the plan, but everyone covered by your plan should use the card. Be sure to bring it with you each time you see the dentist.

Print your ID card anytime at myuhc.com.
