Looking Back Over The Year

By Bill Young
RSA President

As we make our way through the month of July, I look back on where we were a year ago. In the July, 2018 President's Message, I talked about improving our communication with our Members. At the beginning of 2019, RSA hired a Media Relations Manager, Kathy Delgado. Kathy was tasked with improving RSA's digital footprint and creating a new RSA website. Kathy hit the ground running and immediately increased our presence on the three main Social Media platforms. Kathy also began working with New Equity Productions (NEP) to create a new RSA website.

" I want to thank all of our Members who have continued to be the back bone of this County through these times of extremely short staffing and horribly imposed terms and conditions "

After months of work on the new website, it went live over the Fourth of July weekend. If you have not visited the website, please do so, and share your thoughts and or suggestions with Kathy at Kathy@rcdsa.org. Like most new projects, the new site is a work in progress and we plan to continue improving it to better communicate with our Members.

I'd also like to say "thank you," to the Members who have answered the call by stepping up and donating each pay period

to the Riverside County Deputy Sheriff Relief Foundation. Over the last couple of months, we have seen an increase in payroll contributions from our Members. This is great to see and allows us to help our Members even more, but our job as Members is not done! We need each and every one of our Members to ultimately donate, so that we can be there if needed in every Members time of need.

Lastly, I want to thank all of our Members who have continued to be the back bone of this County through these times of extremely short staffing and horribly imposed terms and conditions. Please stay the course and we will continue to do our part working towards improving the terms and conditions.

As always, stay safe out there and help ensure your partners go home safe.

Riverside Sheriffs' Association Scholarship Programs

The Riverside Sheriffs' Association established a scholarship program to assist our members, members' children, and student residents of Riverside County.

Each year, RSA awards scholarships to help recipients reach their higher education goals.

By Kathy Delgado
Multi-Media Manager

Our scholarship programs are administered by Scholarship America, the nation's largest designer and manager of scholarship and tuition reimbursement programs for corporations, foundations, associations, and individuals.

A total of four member scholarships were granted this year. The recipients will each receive a \$5,000 award. The Member Scholarship Program awards are for undergraduate and graduate study. Also, eight student scholarships were granted to dependents of RSA members and/or Riverside County residents. Under the Student Scholarship Program, we have the Riverside Sheriffs' Association Memorial Scholarship and the Riverside County Deputy Sheriff Relief Foundation Scholarship. Recipients of this scholarship will receive an award of \$2,500 if attending an accredited four-year college or university to obtain a bachelor degree or \$1,000 if attending an accredited two-year college, vocational-technical, or trade school to obtain an associate degree or certificate.

Deputy Alan Avila, a recipient of the member scholarship, is working towards his Master's Degree in Criminal Justice. Deputy Ned Hyduke is another recipient of the member scholarship. To Deputy Hyduke, this scholarship is motivation to continue his education and finish his program to obtain his Bachelor's Degree in Applied Arts & Sciences.

Deputy Hyduke left us with some advice for other RSA members thinking about pursuing their higher education, he said, "To not be intimidated by the process, it can be a long road, but it is worth it."

Deputy Percival Saldevar is another recipient of the member scholarship. To Deputy Saldevar, this scholarship is one of the best things RSA offers as it is a great help to those trying to pursue their higher education. He is working on obtaining his

2019 RSA SCHOLARSHIP RECIPIENTS (CLOCKWISE): Member Scholarship recipient Ned Hyduke, Member Scholarship recipient Alan Avila, Student Scholarship recipient Noah Heath, and Member Scholarship Recipient Percival Saldevar.

Continued from previous page

Bachelor's Degree in Business Management. Deputy Saldevar's advice to other RSA members looking to pursue higher education is, "Check out RSA and learn about the scholarship programs," he said.

Two of the recipients of the student scholarships are Noah and Robyn Heath. Noah is a student at UC Santa Cruz and is studying computer science. Robyn is a senior at Northern Arizona University and is studying mathematics. Robyn has been awarded this award for the third time. When asked what this scholarship means to her, she said, "This scholarship means that all of the hard work that I put into my education is worth it, and ultimately that I am believed in. Going into the teaching field sometimes feels more challenging than rewarding, but moments like this help me realize that other people believe in me and my career path."

RSA is happy to be able to give back not only to our members but to their families, as well as to the communities we serve. For more than ten years our scholarship programs have been assisting students and we couldn't be more pleased with the positive impact these programs have on our communities. ★

9th Annual Summer Safety Extravaganza

Free event provides life-saving information during a day of family fun

Lilja Whiting
Sr. Probation Officer, Blythe Probation Office

This year was our 9th Annual Summer Safety Extravaganza. The focus of the event is to bring awareness to child abuse prevention and heat/water safety. Our law enforcement and community agencies are committed to keeping the children in our community safe.

We are very fortunate in Blythe in that we have amazing collaboration and our agencies work together in our goal to provide services and address the needs of the public. This free event gives our community partners the opportunity to interact with families and provide information on the services they provide while providing a family day of fun and laughs to start the summer.

The event featured twelve different water slides and nearly 600 children were in attendance.

We are very thankful to our sponsors, Riverside Sheriffs' Association, HOPE Collaborative, Blythe Energy, Rebel BBQ, and Blythe PAL as without them, we could not put this event on year after year. ★

IN LOVING MEMORY

ROBERT ALLEN FOLEY

Robert Allen Foley passed away while on vacation in Peru on 7/4/19. Rob left this world doing what he loved and that was living life to the fullest, not letting a moment go to waste.

Rob graduated from the Sheriff's academy on 10/30/08, but he wore many other hats in his short life of 47 years. Rob was a skydiver, a pilot, an artist, played an acoustic guitar and he rocked an electric. Rob was a jokester, a comedian, should have been a race car driver, an amazing cook, classic car collector, dog lover and the most amazing Son, Brother, Uncle, and Friend.

Rob had so many amazing adventures and awesome stories to tell with them. Rob traveled to many countries and tasted many foods and beverages to please his intrinsic palette. Every trip Rob took, he made sure to bring back a souvenir for everyone. Rob loved his friends and family, he would help anyone in need at any moment, he knew no strangers.

Of course we are biased, being his family, but he truly was an amazing guy and extremely humble. There have been so many people sharing how Rob helped them in a difficult time and he never told us these stories. We have been so grateful for all of the love and support from his work family, you are all very special people. This is a very difficult time, but we find some peace in hearing all the stories and pictures that have been shared about our Rob.

At this time, we still do not have our Rob back home from Peru, but as of now, the date is set for 7/13/19. We are unable to plan a service until we can confirm this is the date we can be reunited with him. We will continue to provide updates. I would also like to give a special thanks to RSA for reaching out and helping us. There have been so many things to get in place and they have been a blessing.

July Force, 2019

Did I say force or fourth?

By Harley Broviak
Chaplain

Let it be a force! A force for good, a force for God! A force to be reckoned with! Little do we know of the pain and suffering of our earnest and resolute forebearers. They were men and women who were virtual slaves to the crown. That is what the English served. They served with great dedication. They served under the deepest kind of degradation.

Royalty was paramount, nobles were next, merchants were near the bottom of the barrel. Everyone else were virtually slaves. They lived in hovels on streets running with human waste, with garbage, with rats and roaches. They were like two-legged animals. There was no medicine. There was no mercy. They were expendable as horse dung on the streets. An old man or woman at age 35 – 40 was a gin alcoholic without teeth and rotten pus killed mouths in great pain every moment.

A 1500 nursery rhyme was “peas porridge hot, peas porridge cold, peas porridge in the pot, nine days old.” This was a standard diet. No meat, no milk, no fruit. Just flat bread and porridge. Someone did not like the economics of the crown and decided they needed to GET AWAY. They went to the free lands or the American coast. Some aggressive acquisitive decided to take a tax-free cut of the heavens! It worked! The inordinate and confiscatory taxation gave them great incentive to build even more capital. That worked too! Everybody who wasn’t drunk could earn! Wow! What a rush! Men and women found the concept of prosperity attractive! They exulted over the fact they could buy good food, property, and human needs for family and friends. They did not have to

“Let us give thanks for the men and women who suffered so much to give us this wonderful County.”

any excess of funds, found profits. That gave them a sense of ownership and they exchanged ideas with all of the industrious newbies. They organized on a free scale. They helped others to acquire profits and a new concept was born. ANYONE COULD BE A CAPITALIST! Freedom! Freedom! Freedom! Let it rage as more accepted it. With that scope of abundance, the people became proud. They became protective and then PATRIOTIC. Patriotic and a burgeoning population of freedom activated zealots jealously scrambling to establish a NEW COUNTRY! Pride in ownership, pride in possessions and pride in being beholden to no pompous elitist king who “stole” everything you earned and made you a slave!

That pride, that opportunity, that concept and their individual PRIDE was a new feeling in the lush lands of America. Industry flourished and then one day a group of men gathered in a tavern and stated “We must have a Declaration of Independence!” What was so hard come by men of vision cannot, shall not, will not be consigned to a destiny of failure. Welcome to the U.S.A.!!! Never give in to slavery again! Love U.S.[A.] or Leave U.S.[A.]! Let the force be with you!

Let us give thanks for the men and women who suffered so much to give us

endure daily bondage. It was a raging fire in the bellies of a long-deprived segment of society. Suddenly they felt “rich”! The concept spread like a forest fire. Money meant freedom. Freedom meant liberty. Liberty spawned abundance, and no king took everything you had.

Children became healthier as malnutrition was overcome. Those who never had

this wonderful County. We honor our dead so that we may educate the living. God bless them all. Amen.

APB JULY 2019 LEGISLATIVE & POLITICAL UPDATE

Ryan Sherman
Director, Legislative Affairs

Each year, the legislature adjourns for its annual month long summer recess. Political Update

It seems like we just finished the 2018 elections, but the 2020 campaigns are already beginning to take shape and will be heating up over the coming months. The 2020 turn-out models for the March primary and November general elections are expecting a continuation of the higher-than-average voting percentages in California and across the country.

Presidential election years tend to generate higher levels of voter participation due to increased media coverage and political interest as both national parties increase their spending to secure the nominations and victory of their endorsed candidates. As a result, our state will play a significant role in shaping the composition of the next Congress. Relatedly, our local legislative, county, and city government elected seats will benefit from, or suffer the consequences of the unknown effects of a significantly higher number of votes being cast.

The presidential and statewide primaries will be held in March 2020 instead of the traditional month of June. This change shortens the primary campaign season by three months, requiring us to expedite our efforts to ensure that the interests of the RSA are protected and advanced.

The most important 2020 races for the RSA are expected to be the two Riverside County Board of Supervisor seats that will be up for election.

If no candidate in either district fails to receive 50% + 1, a run-off election will be held and coincide with the national presidential election in November 2020.

Continues on next page

Continued from previous page

Riverside County District 1 is currently represented by Supervisor Kevin Jeffries and District 3 is currently represented by Supervisor Chuck Washington.

Like all incumbents and candidates, these two Supervisors have both supported and opposed the positions advocated by your association. It will be up to your RSA political action committee and ultimately your Board of Directors to weigh the positives and negatives of the incumbents and their challengers in order to reach a decision on endorsements and potential financial support.

Many contests will be held for mayor, city council, and school board seats throughout the county and we will pay close attention as these races develop, especially those in contract cities. Many of these locally-elected officials continue on to serve as county supervisors, state legislators, and as members of Congress. Getting to know and understand these elected officials early on provides the RSA with an opportunity to make better-informed decisions as they begin to move up the political ladder.

We expect the background research to be completed later this fall in order to provide the RSA political action committee with the information needed to assist

them during their internal discussions and the candidate endorsement interviews.

Over the last few years, your association has stepped up its efforts to expand its political participation in a professional effort that focuses on supporting candidates who support public safety and the jobs that the members of the RSA perform 24/7. This forms the basis of the political decisions your PAC and Board make. The RSA has not been politically successful by accident. Years of laying groundwork, compiling research, and developing relationships is what has made us so successful.

We will continue to work diligently to ensure our political goals are met in 2020 and beyond.

Until next time, be safe. ★

"there are exceptions to the 'firefighter rule' - situations wherein safety members responding to an event may seek some civil remedies"

THE FIREFIGHTER RULE

By Scott A. O'Mara
Law Offices of Scott A. O'Mara

Under civil remedy jurisdiction, the general population has a duty to avoid causing injuries to other citizens. This obligation is established relative to driving safely to prevent vehicular accidents, providing a safe place for customers to shop and employees to work, protecting individual personal property, and endless other situations which potentially could result in injuries to the public.

Within the safety community, the general assumption is that police officers, deputy sheriffs, Highway Patrol officers, and firefighters face unique risks inherent in the nature of their employment, and if they are injured while engaging in activities which pose such risks, they have very strong limitations regarding seeking civil remedies against the person or persons who caused the need for the call-out resulting in their response. This is known as the "firefighter rule". This rule was established based on the premise that safety personnel face unique risks in the course of their usual and customary duties

while responding to emergency situations. The thought has been that if a limitation was not placed upon safety personnel responding to these emergencies, the individuals aware of the fires, accidents or shootings would not seek any safety response to avoid their own civil liability.

However, there are exceptions to the "firefighter rule" - situations wherein safety members responding to an event may seek some civil remedies (remedies outside the Workers' Compensation and retirement systems) against the person asking for the call-out. An obvious example where the "firefighter rule" would not apply would be situations where an individual driving a vehicle strikes a safety officer and causes injury. In that type of situation, there is no restriction preventing the safety member from seeking a civil remedy against the person causing the harm. The "firefighter rule" was against safety workers injured while responding to critical situations.

The Court will look to determine whether the safety officer was injured while performing a public service duty. There can be exceptions to the "firefighter rule", and whether it has applica-

tion to safety officers injured - whether on or off duty - while containing and controlling a suspect on the defendant's premises if the officer was injured while performing a public service, such as auto accidents, fires or shootings.

The Court has established that safety responses remain the financial burden of the government agency which employs the safety member(s) so that people in distress will call and seek assistance when necessary. The Court has also reviewed the unique benefits which safety people have, such as benefits pursuant to Labor Code §§4800.5 and 4850, as well as industrial disability retirements. The special pay and disability retirement benefits are compensation for the hazards which safety members face in the course of performing their duties.

Exceptions to the "firefighter rule" also come into play when safety workers are present in a critical response situation and are not aware of the special risks which may exist. In one situation, for instance, a chemical plant did not inform the safety personnel responding to a fire

Continues on page 20

Continued from page 19

that a toxic chemical was involved, and did not provide information regarding the possible damage which might result from such exposure, even though the company was privy to this information. The Court determined that not informing the safety members of the complexity and extent of the risks involved in fighting this fire was a negligent and intentional act by the employer.

Another situation which would constitute an exception to the “firefighter rule” involves scenarios where safety members are responding to a situation involving a suspect known to have engaged in violent acts and who has a weapon and has threatened to kill safety officers, yet this information has not been disclosed to the responding officers. This type of situation places liability on the person failing to make such a disclosure.

If a safety member responding to an emergency situation happens to be on the scene at the time, the property owner

has the same liability to all individuals, whether or not they are safety members.

Recently, a case of the “firefighter rule” was raised relative to a vehicular collision involving six drivers. Drivers 1, 2, 3, 4 and 5 all lost control of their vehicle. The Court ultimately found that driver 5 was subject to litigation, because this driver failed to comply and cooperate with the firefighter directive to walk with the other drivers off the highway. In this situation, the driver walked to the driver’s side of the car before letting himself be assisted toward the shoulder of the road. This delay caused injury when driver 6 struck the safety officers assisting driver 5. Driver 5’s conduct was negligent in not following the firefighter directive for all parties to remove themselves from the situation. The officer being struck by the car had civil remedies in this situation in addition to his Workers’ Compensation rights.

Another type of situation occurs when a police officer comes onto a property and is injured while walking up or down a stairway which the owner knows is damaged and unsafe to use. In this case

again, civil remedies would be available to the safety officer against the owner.

In conclusion, while the “firefighter rule” applies in some situations, there are exceptions, such as those mentioned above - when fighting a fire poses toxic exposures which are not made known to the safety responders, when an officer is sent to a residence without being informed that the subject is known to be armed and violent and has a hatred towards safety people, or when an officer is not informed of safety risks for which a property owner is responsible. These are examples of civil remedies available to safety officers outside and above the Workers’ Compensation venue, and outside the “firefighter rule” .
